

PIONEER VALLEY KENNEL CLUB
BEGINNER AND ADVANCED BEGINNER TRACKING CLINIC
May 8 and 9, 2021
Location: Bernardston, MA
Instructor: Dorie Viguers, AKC Judge

This clinic is designed for both beginner and advanced beginner dogs. The advanced beginner dogs should have been introduced to tracking either at a beginning clinic or at home. It will be assumed that these dogs know what tracking is about and can follow a stranger's track that has aged between one-half and one hour and have been introduced to at least an open turn. The clinic will build on this basic knowledge and work toward right angle turns and longer tracks as well as starting routines, restarting your dog, and dealing with problem situations.

Instruction for handlers will continue work on line handling, track laying, and map making. Masks will be required except when actually laying or running a track.

Lunch and a light breakfast are included in price.
